

AY-A3000 (2025) Dental Chair

1pc suction
2pc Three-way syringes

NEBULA SERIES REFLECTIVE DENTAL LIGHT

- High-precision 5000-40000LUX seamless adjustment
- White light, yellow light, mixed light different color temperature modes

Nebula-FS

AY-A6000 (F1)

Dental Chair

Dental Oiling & Cleaning Machine

Design For Dental Handpiece

- High Cost Performance
- Fashion Design
- High Efficiency

PTX

AIR POLISHER PERIODONTAL

Power input	100-240VAC 50Hz /110VAC 60Hz
Main unit input	200VA
Water pressure	5.5 bar-7.5bar(0.55MPa-0.75MPa)
water temperature	≤45°C
Powder output	0-4g/min
Package size	320*330*120mm
Main unit weight	3.5Kg

IMPLANT MOTOR

- Tealth EM-3 Implant Motor has large color touch screen, with selection of 7 implant modes, visual images display every procedure in implant surgery.
- Custom program, with 1:1, 1:5 and 20:1 speed ratio available. Tealth EM-3 implant
- Machine with multifunction foot pedal can realize aseptic operation and liberate two hands.

CENTRALIZED SUCTION

MODEL AEOLUS - 750L

- Efficient Separation, Compact Structure, Low Use-Cost Strong Power
- Regulation & Cooling Corrosion Resistance
- Two-Stage Separation System
- Can Connect To 2-3 Dental Units
- Noise(dB) 67
- Product size (cm) 49*31*66

COMPRESSOR 1.1HP

- Hygienic, Clean, Green Air Power Supplier
- Dental Oilless Compressor, Inside Tank With Many Times High Temperature Sintering
- 1.1hp Compressor
- Can Connect To 2 Dental Units.
